SUMMARY

Fresher with a B.Sc. in Computer Science, seeking an opportunity as a Frontend Developer. Hands-on experience building responsive web applications using HTML, CSS, JavaScript, and Bootstrap, along with a strong foundation in Core Java for programming logic and problem-solving. Completed three independent projects covering UI design, interactive JavaScript features. Strong understanding of responsive design, DOM manipulation, and client-side logic, with a keen interest in growing into full-stack development.

SKILLS

Languages: Core Java, JavaScript

Web Technologies: HTML5, CSS3, Bootstrap

Tools & Concepts: DOM Manipulation, REST API Integration, Responsive Design, Git, GitHub, VS Code

Soft Skills: Communication, Teamwork, Problem-Solving, Time Management, Adaptability

PROJECTS

Netflix Clone Website

HTML, CSS, JavaScript, Bootstrap

- Built a responsive streaming platform UI with a Bootstrap carousel for featured movies, dynamic category pages (Movies, Anime), and a mobile-responsive JS-driven navbar
- Implemented client-side login/signup flow with form validation and localStorage-based session handling
- Designed a subscription/plan-selection page with interactive plan cards

Mobile E-Commerce Website (Trending Mobiles)

HTML, CSS, JavaScript, Bootstrap

- Developed a multi-page e-commerce site (Home, Products, Wishlist, Profile, Contact) with consistent navigation and Bootstrap grid layout
- Built interactive product cards with JavaScript-powered Add to Cart and Remove from Wishlist functionality using DOM manipulation
- AuraWeather – **Weather Forecast App**

HTML, CSS, JavaScript, OpenWeatherMap API

- Built a real-time weather application fetching live data via the OpenWeatherMap REST API using async/await and Fetch API
- Displayed temperature, humidity, wind speed, pressure, and feels-like data with dynamic weather icons; added error handling for invalid city searches

ACHIEVEMENTS/ACTIVITIES

- Built and deployed 3+ frontend projects using HTML, CSS, JavaScript, and Bootstrap
- Published projects on GitHub and practiced version control using Git
- Developed responsive websites compatible with mobile, tablet, and desktop devices

EDUCATION

B.Sc. Computer Science

2025

Pachaiyappa's College for Men, Kanchipuram
